

**The Bliss Monkeys are an infectious folk rock band collective led by singer/songwriter dexter winklemyer. Think John Lennon jams with Jack Johnson in a dreamy Michael Franti love soup.**

**The Bliss Monkeys' debut album, Let Love Talk, is an empowering 17 track collection exploring the many faces of love through their intoxicating, folk rock, spoken word wonder. Ultimately each song was written by dexter to remind himself to choose love over hate, hope over despair, and unity over othering.**

**Let Love Talk showcases a bevy of dynamic female lead vocals by Kelly Ferguson, Tracey Szarka and Tahirih Vejdani as well as lyrical contributions by acclaimed spoken word artist IF The poet. IF's powerful spoken word pieces elevate each tune with his potent signature brand of universal truths and relatable insights into our shared humanity. As dexter says, "Who needs a lead break when you have IF The Poet as a fellow Bliss Monkey to take a song's message to the next, next level?"**

**IF's spoken word contribution isn't the only voice to grace the title track "Let Love Talk". Following the release of the album, a myriad of different spoken word single variations will be released featuring Let Love Talkers: like-minded poets, musicians, spiritual thought leaders each sharing their take on love.**

**Besides the many love anthems on the album - "Unified Souls", "We Are One", "We Are All Love", it includes some deeply personal songs: "Near Near Gone" - about dexter's father languishing in a nursery home, "Set Time Free" – a wishful tribute of living a full life with his wife Wendie, and "Maya" - a loving tribute to the birth of his daughter who played double bass on the song to dexter's sheer delight.**

**Let Love Talk is the positive anecdote to dexter's chilling alternative rock album 2013 release, "Oh Dear", by Controlled Breeding In Sheep. Listening to "I Will Love" clearly illustrates dexter's highly intentional shift to shine his light on all there is to celebrate in life. "Doubling down on love!"**

## LET LOVE TALK (Feat. IF The Poet)

dexter winklemyer - lead vocal, acoustic guitar, percussion + IF The Poet - spoken word wonder  
Tahrih Vejdani - bg vocals + Taras Kapanaiko - drums + Brock Fricker - keyboards, electric guitar  
Devin Armstrong - bass + Dallas Bergen - bg vocals

don't let fear  
tell you who you are  
it's only with love  
that you've gotten this far  
you are truly  
your life's superstar

so if you are fighting  
your rage igniting  
let love talk  
let love talk  
if you are crying  
your faith dying  
let love talk ... let love talk  
let love talk... let love talk

we are the sum of the  
choices we've made  
and there's more to life  
than just getting laid  
but it's never too late  
to change the road you pave

so if you are fighting  
your rage igniting  
let love talk  
let love talk  
if you are crying  
your faith dying  
let love talk ... let love talk  
let love talk... let love talk  
... Tell Me Love

*Love,  
We worship you  
as the tireless inferno  
gifting us rapture  
fusing us into something  
terrifying and beautiful*

*But we need u  
even when you come  
clothed in ordinary  
the everyday  
the 'you again?'*

*We need U  
in the stranger's unexpected kindness  
in forgiveness undeserved  
in the unseen hand pulling us skyward*

*We need U  
when our bodies are bent with grief  
beneath the mockingbird of failure  
when our greed subsumes our judgment  
our pockets hold only regret*

*we need U  
when the ache won't recede  
the air too bitter to breathe  
when we have deserted our holy*

*in ur absence  
our days are sandstorm  
our hearts – fit only for the mausoleum  
our minds - a wreaked playground*

*in ur absence  
we are mirrors with no reflection  
sky with no stars  
thought with no feeling*

*Love  
Come, walk with me  
this day and all the days  
of this dream  
hold me as the candle holds  
the flame  
teach me....  
that I may be who I really am  
guide me  
that I may never become that which I fear.  
Love Hold me near*

so if you are fighting  
your rage igniting  
let love talk  
let love talk  
if you are crying  
your faith dying  
let love talk ... let love talk  
let love talk... let love talk

## WATCH LOVE GROW

dexter winklemyer - guitars, drums, percussion + Tracey Szarka - vocals

Michael Klinowski - acoustic bass + Ross Thompson - piano, organ + Greg van Riel - harmonica

you can soar like an angel  
or crawl like a creep  
you can race into chaos  
or look before you leap

you can reach for heaven  
or bury your heart in hell  
it's all the same place  
where do you dwell?

the dreams you plant  
are the seeds that grow  
with so much to give  
there's no time to owe  
so spread your love  
and watch it grow  
... watch love grow  
... yeah watch love grow

the earth's still spinning  
so how can we stand still?  
if joy lives inside us  
how'd it fit in a pill?

if children are our future  
why do we let so many die?  
with not enough clean water  
how can we afford to cry?

the dreams you plant  
are the seeds that grow  
with so much to give  
there's no time to owe  
so spread your love  
and watch it grow  
... watch love grow  
... yeah watch love grow

what will it take  
to live in harmony?  
with hate bombs ticking  
we must unite to be free

if we throw in the towel  
what will that achieve?  
the strong have taught us  
change comes from great deeds

the dreams you plant  
are the seeds that grow  
with so much to give  
there's no time to owe  
so spread your love  
and watch it grow  
... watch love grow  
... yeah watch love grow  
... yeah watch love grow  
... yeah watch love grow

# LAND FULL OF SUNSHINE

dexter winklemeyer - lead vocals, guitars, bass, drums + Matthew Reid - organ, horns  
Kelly Ferguson - bg vocals + Dallas Bergen - bg vocals

saw you at a party  
fuming like an ashtray  
you bitched about the weather  
& how you're treated like prey

the dance floor was rockin'  
but you never rode that sleigh  
you detailed your troubles  
as if you were on ebay

you live in a land full of sunshine  
but your head's full of blues  
they say that the life you live  
is the one that you choose  
... the one you choose

you came to my door  
to shout out toxic advice  
tried to ignore you  
you banged once  
then you banged twice

you raved about your millions  
and tainted love affairs  
then acted like a big shot  
as if you didn't really care

you live in a land full of sunshine  
but your head's full of blues  
they say that the life you live  
is the one that you choose  
... the one you choose

why feed the demons  
in your mind?  
with hate and fear  
that makes you unkind?  
break your spell  
to find peace of mind

now i know life isn't all  
all puppies and rainbows  
we all need hard times  
so the good times can steal the show

you gotta give love to get love  
and dance in the flow  
the peace that you reap  
comes from the feelings you sew

you live in a land full of sunshine  
but your head's full of blues  
they say that the life you live  
is the one that you choose  
you live in a land full of sunshine  
but your head's full of blues  
... full of blues  
... full of blues  
... full of blues

Anneke de Jonge - lead girl vocals + Niki de Jonge - bg girl vocals

Joe Nowacki - classical guitar + Taras Kapanaiko - percussion

Ross Thompson - keyboards + Michael Klinowski - bass + Brock Fricker - congos

went walking down... a lonely street  
was my life... incomplete?  
a little girl... waved at me  
with a sweet smile... that set me free

I looked into... her angel eyes  
saw love that needed... no disguise  
she said... life is... what you choose

so remember these... four little clues

number one is the key  
be kind to all... let love be  
number two is up to you  
do your best in all ... in all you do  
number three will set you free  
give more than you take... in every deed  
number four is to adore  
the changes in life... they're open doors  
the changes in life... they're open doors  
yes!

I said thank you special friend  
what else do you recommend  
she said cherish every day

just breathe if you lose your way

we danced n' played... through the night  
singing every 'ting's... all right  
and if you ever... get the blues  
just remember these... four little clues

number one is the key  
be kind to all... let love be  
number two is up to you  
do your best in all ... in all you do  
number three will set you free  
give more than you take... in every deed  
number four is to adore  
the changes in life... they're open doors  
the changes in life... they're open doors

## WE ARE ONE (Feat. IF The Poet)

dexter winklemyer - lead vocals, acoustic guitar, percussion  
IF The Poet - spoken word wonder, bass + Vanessa Vivaldi - cello  
Brock Fricker - bg vocals + Kelly Ferguson - bg vocals

La la la la...La la la la  
La la la laaaaaaa  
La la la la...La la la la  
La la la laaaaaaa

Too much religion  
And not enough faith  
They make us feel  
Like rats in a race  
We're left to stumble  
Fall on our face  
Then told soldier  
Come on pick up the pace

They say the sky is falling  
But all I hear is love calling  
Take my hand  
We are one  
Follow me  
I'll follow you  
Let peace be our glue  
Take my hand  
We are one

La la la la...La la la la  
La la la laaaaaaa  
La la la la...La la la la  
La la la laaaaaaa

They condition us  
to live in strange ways  
Lusting Facebook likes  
every day  
locked in condo cages  
So we never say,  
“Hello neighbour  
What do you need today?”

They say the sky is falling  
But all I hear is love calling  
Take my hand  
We are one  
Follow me  
I'll follow you  
Let peace be our glue  
Take my hand  
We are one

La la la la...La la la la  
La la la laaaaaaa  
La la la la...La la la la  
La la la laaaaaaa

But we are they  
And they are we  
If we let fear  
Be life's key  
So break the spell  
Of apathy  
And choose love  
to set us free

They say the sky is falling  
But all I hear is love calling  
Take my hand  
We are one  
Follow me  
I'll follow you  
Let peace be our glue  
Take my hand  
We are one  
La la la la...La la la la  
La la la laaaaaaa

*I don't know what it's like to be you  
I don't know the wars you carry  
or if you wear your history  
like an honour or the apocalypse  
And I don't know if the present  
will ever make peace with the past  
But I know this  
Long ago, before black meant 'dangerous'  
brown meant 'suspicious'  
and white meant 'not guilty'  
In a place our ancestors called 'Home',  
we were family  
And it's so good to see you again!*

## NEAR NEAR GONE

dexter winklemyer - lead vocals, guitar, bass, drums + Ross Thompson - piano, organ  
Dallas Bergen - bg vocals + Kelly Ferguson - bg vocals + Lynn Harrison - bg vocals  
Angela Klassen - bg vocals

you lay in your wheelchair  
with confusion coloured eyes  
everybody's laughing  
but you don't know why

you're near near gone  
it won't be long  
cause you're near near gone  
... near near gone

it's so hard to see you  
slowly wilting away  
struggling to smile  
having seen better days

you're near near gone  
it won't be long  
cause you're near near gone  
... near near gone

You worked so hard farming  
slaving in the fields  
didn't need a God to tell you  
what was real  
now you're a nursing home Buddha  
it's so surreal  
yes you're on your way  
about to throw your last bale of hay,  
cause

you're near near gone  
it won't be long  
cause you're near near gone  
... near near gone

my heart twists as you cling to  
life's tightrope wire  
do I say "hang on a little longer"  
or "let go and retire"?

you're near near gone  
it won't be long  
cause you're near near gone  
... near near gone  
you're near near gone  
it won't be long  
cause you're near near gone  
... near near gone

Rick Innis - lead guitar + Vanessa Vivaldi - cello + Brock Fricker - bass drum

he said she was beautiful  
in that summer dress  
left her with a baby  
no forwarding address  
she picked up the pieces  
and momed her best  
swore her next lover  
would pass a test

she's just looking  
for a love that lasts  
she's just looking  
to mend the past  
she's just looking  
for a love that lasts  
... a love that lasts  
he stands with his walker  
at a mountain of stairs  
as if wearing a sign  
"no one care"  
he's tired of the battles  
the pity glares  
he climbs them alone  
fed up with life's dare

he's just looking  
for a love that lasts  
he's just looking  
to mend the past  
he's just looking  
for a love that lasts  
... a love that lasts

two runaways angels  
share a high  
filling their veins  
until their hearts bleed dry  
they miss their parents  
can't explain why  
want to go home  
but are too afraid to fly

they're just looking  
for a love that lasts  
they're just looking  
to mend the past  
they're just looking  
for a love that lasts  
we're all just looking  
for a love that lasts

## LIVE YOUR LIFE

dexter winklemyer - rhythm guitar, lead vocals + Tracey Szarka - bg vocals

John Dynes - bg vocals + Ben Rotterman - lead guitar

Devin Armstrong - bass + Taras Kapanaiko - drums

you work in the morning  
you work in the day  
you work so hard  
you work your life away  
you work in the evening  
you work in the night  
you work so much  
it gives you a fright

we're singing  
ooh la la, hey hey  
live your life  
before it slips away  
ooh la la, hey hey  
live your life  
before it's yesterday  
live your life  
before it's yesterday... live it!

you work in the moonlight  
you work in sun  
you work in the dark  
while you run and you run  
you work on the weekend  
on holidays  
you work so much  
your friends have drifted away

we're singing  
ooh la la, hey hey  
live your life  
before it slips away  
ooh la la, hey hey  
live your life  
before it's yesterday  
live your life  
before it's yesterday... live it!

you work in the city  
you work down the street  
you work at home  
you work off your feet  
you work for peanuts  
you work for a break  
you work so much  
you forget your life's at stake

we're singing  
ooh la la, hey hey  
live your life  
before it's yesterday

I'm turned off by rigged election scores  
killer cops and manufactured wars

I will love... love today  
through all the fears ... and dismay  
I will love... love today

I'm turned off by GMO label lying  
united big brother NSA spying  
LGBT persecution

through all the fears ... and dismay  
I will love... love today  
I will love... love today

I'm turned off by aboriginal decimation  
women and children's sexual exploitation  
AIDS pandemic lip service solutions

through all my tears... and decay  
I will love... love today  
through all the fears ... and dismay  
I will love... love today

## WE BELIEVE IN YOU (Jason's Song)

dexter winklemyer - vocals, acoustic guitar, percussion, songwriter

Atul N. Rao - piano + James Rao - bass

We searched our hearts  
And found you there  
You needed love  
we had enough to spare

Yes, we believe in you  
There's nothing you can't do  
No matter what we go through  
... We believe

You ran around  
And ran some more  
Tested our patience  
And what we're here for

You showed us a world  
behind magic screens  
A universe of wonder  
Feeding all of your dreams

Yes, we believe in you  
There's nothing you can't do  
No matter what we go through  
... We believe

*We wish you... happiness  
We wish you... opportunity  
We wish you... peace  
We wish you... humility  
We wish you... patience  
We wish you... harmony  
We wish you... serenity*

We step to the sidelines  
As you choose what to be  
There's no door you can't enter  
When you hold love as your key

Yes, we believe in you  
There's nothing you can't do  
No matter what we go through  
... We believe in you  
... in you... in you.

## OUR LOVE SHINES

dexter winklemyer - rhythm guitars, percussion + Tahirih Vejdani - lead vocals  
Taras Kapanaiko - drums + Matthew Reid - keyboards + Ed Shaw - lead guitar  
Michael Klinowski - bass

everybody's freakin'  
freakin' about the weather  
cussing and shriekin'  
dreading changing pressures  
but baby with you  
love floats on a feather  
it's honey thunder  
whenever we're together

our love shines  
shines through any weather  
our love shines  
gets better and better  
our love shines  
shines bright and strong  
our love shines  
shines all night long  
all night long... all night long  
yeah... it shines  
ooh ooh... it shines  
yeah... it shines

strange atmosphere  
sahara icebergs melting  
carbon tears  
super storms pelting  
but when you hold my hand  
I get all hot and balmy  
can't find dry land  
cause we're a love tsunami

our love shines  
shines through any weather  
our love shines  
gets better and better  
our love shines  
shines bright and strong  
our love shines  
shines all night long  
all night long... all night long  
yeah... it shines

fossil fuel slaves  
sea levels rising  
but our heat waves  
are not surprising  
my temperature soars  
no chance of resisting  
I'm a weather vain  
you're my tornado twisting

our love shines  
shines through any weather  
our love shines  
gets better and better  
our love shines  
shines bright and strong  
our love shines  
shines all night long  
all night long... all night long  
yeah... it shines  
ooh ooh... it shines  
yeah... it shines

## SET TIME FREE

dexter winklemyer - lead vocal, acoustic guitar, keyboards, drums, percussion

Devin Armstrong - bass + Angela Klassen - bg vocals

hey girl  
that's my toy  
this is my sand box, I'm a boy  
gimme back my cap  
cause mommy says it's time for a nap

hey girl  
you can really swing a bat  
if you join my team, we'll be all that  
we can practice after school  
I'll throw the ball, play the fool

hey girl  
won't you dance with me  
I won't step on your toes, c'mon & see  
it's not a girlfriend thing  
just having fun, can't afford a ring

abracadabra  
time is a mystery  
wasted and wanted  
only love will set time free  
only love will set time free

hey girl  
I'm crazy about you  
So let's share names, start a family too  
you turn winter into spring  
let's travel the world, dance and sing

hey girl  
can you do the next feed?  
an hour of sleep is all I need  
I'll get up, clean the house  
change diapers, iron your blouse

hey girl  
it's our daughter's wedding day  
I'm so freaked, don't know what to say  
I gotta walk her down the aisle  
Then hold you tight, share a special smile

abracadabra  
time is a mystery  
wasted and wanted  
only love will set time free  
only love will set time free

hey girl  
we're retirees  
ready for fun, but where are my keys?  
I'd love to paint the deck  
but my back and knees hurt like heck

hey girl  
where are we?  
this old age home isn't home to me  
why don't you spend the night?  
it's so dark without you as my light

hey girl  
I don't know your name  
but your face is such a sweet refrain  
I'm drifting... I'm slipping away  
so hold my hand, make it okay

abracadabra  
time is a mystery  
wasted and wanted  
only love will set time free  
... set time free  
only love will set time free  
... set it free ... set it free  
only love will set time free  
... only love ... only love  
only love will set time free  
... set it free ... set it free  
only love will set time free  
... only love ... only love  
only love will set time free  
... set it free ... set it free  
only love will set time free

we've got to be... way better  
than a worst case... scenario  
this hour is beyond... revolution  
beyond karma cruise... control

it's time for the... peaceful  
to score the winning... goal  
we're all brothers and sisters  
so embrace our... unified souls

we all are... unified souls  
we all are... unified souls  
we all are... unified souls  
unified souls! unified souls

we've got to get it... together  
sure feels like... do or die  
ignore all hate... distractions  
masking our love shining... inside

gotta fight the... hypnotizing  
stare the illuminati in... the eye  
show them all lives... are equal  
not just here to consume & cry

we all are... unified souls  
we all are... unified souls  
we all are... unified souls  
unified souls! unified souls!

*i've lived through disasters  
now i walk thru green pastures  
and i fear no evil  
for it never existed  
just love that got twisted  
double fisted by hate  
and bent out of shape  
but it's never too late  
to fix our mistakes  
to right our done-wrongs  
from the cultures we stomped on  
till they was all but gone  
to the bombs we dropped on  
homes from bagdad to saigon  
and the fortune we spend on  
warfare and weapons  
pretending we're somehow  
defending our freedom  
but i still believe in  
dr. king's dream and  
ghandi's vision  
of a world with no prisons  
where multiple religions  
don't add up to divisions  
our sons and our daughters  
are not cannon fodder  
and peace falls on us  
like holy water*

we all are... unified souls  
unified souls! unified souls!
